The World Gold Council is the market development organisation for the gold industry. It works across all parts of the industry, from gold mining to investment, and their aim is to stimulate and sustain demand for gold. They frequently publish research that demonstrates gold’s strength as a preserver of wealth – both for investors and countries.

INTERNATIONAL COMMUNICATION
Public and trade enquiries can be directed to the Bullion Sales Department at the RCM’s international headquarters in Ottawa

Fair trade is an institutional arrangement designed to help producers in developing countries achieve better trading conditions. Members of the fair trade movement advocate the payment of higher prices to exporters as well as improved social and environmental standards. The movement focuses in particular on commodities or products which are typically exported from developing countries to Bullion Banking Mechanics Gold University BullionStar Infographic Bullion Banking Mechanics Bullion Banking is Fractional Reserve Banking for Gold. The core concern with contemporary bullion banking is that it is a fractional reserve system in the same way as commercial ‘cash’ banking is.
