

Celica Air Conditioning Charge

Celica Air Conditioning Charge **FREE* celica air conditioning charge* When the air conditioner in your 2001 Toyota Celica starts blowing hot air, you likely have a freon leak. Recharging the freon in your AC system is an inexpensive and easy first step to restoring the cooling capacity of your A/C system. Most refrigerants include a leak sealer that will seal small leaks in addition to filling the R134a refrigerant.
