Cinemas Of The World Film And Society From 1895 To The Present

Cinemas Of The World Film And Society From 1895 To The Present

The history of film technology traces the development of film technology from the initial development of "moving pictures" at the end of 19th century to the present time. Motion pictures were initially exhibited as a fairground novelty and developed into one of the most important tools of communication and entertainment in the 20th century. Major developments in motion picture technology have...

History of film Wikipedia

Although the start of the history of film is not clearly defined, the commercial public screening of ten of Lumière brothers' short films in Paris on 28 December 1895 can be regarded as the breakthrough of projected cinematographic motion pictures. There had been earlier cinematographic results and screenings, but these lacked either the quality or the momentum that propelled the Corinne Cléry – Wikipedia
